

Stylianos (Stelios) Athanasiou

Software Engineer · MSc Student, Computer Science — University of Crete

Heraklion, Greece | athanasioust@hotmail.com | +30 6934547477 | github.com/Athanasioust

Education

MSc in Computer Science — University of Crete (CSD-UOC) Heraklion, Greece	<i>Ongoing</i>
BSc in Computer Science — University of Crete (CSD-UOC) Heraklion, Greece	<i>Sept 2020 – Sept 2025</i>
High School Diploma — 5th Lyceum of Heraklion Final grade: 19.7 / 20	<i>Sept 2017 – June 2020</i>

Selected Projects

PokerCalc Live poker odds calculator for Android (Texas Hold'em & Omaha). Features 2-tap card input, draw detection with outs, pot odds evaluation, multi-way equity against up to 3 opponents, and session profit/loss tracking.	<i>React Native · TypeScript · Expo · Android</i>
DeadlineOS Brutally honest deadline & meeting tracker with urgency countdowns, colour-coded alerts, nag mode, and optional cross-device sync via GitHub Gist. Runs entirely in the browser with no backend.	<i>JavaScript · Vanilla JS · localStorage</i>
Syscall Monitor & Network Analyzer Linux security toolkit: a ptrace-based process monitor that traces and logs syscalls at runtime, plus a pcap network analyzer that filters traffic by IP.	<i>C · Linux</i>
Custom Unix Shell Lightweight Unix shell supporting command execution, I/O redirection, sequential commands (;), and single-pipe piping.	<i>C</i>
Facial Recognition Attendance System Automatic attendance counting from classroom photos using facial recognition. Diploma thesis supervised by Prof. Yannis Tzitzikas.	<i>Python · Computer Vision · Thesis</i>
Compilers 2025 Full compiler implementation covering lexical analysis, parsing, semantic checks, and code generation.	<i>C</i>
Spotify Analyser Analyses personal Spotify listening data with insights on top artists, tracks, genres, and listening habits.	<i>Python · Spotify Web API</i>
PIERR — Career Matchmaking App End-to-end design of an internship and career matchmaking application — research, wireframes, and hi-fi prototypes.	<i>UI/UX · HY364</i>
Pet-Keeping Service Website Complete backend and frontend development of a pet-keeping service web application.	<i>Full-stack · HY359</i>

Experience

Teaching Assistant — HY225, CSD-UOC University of Crete, Heraklion, Greece	<i>2025 – Present</i>
--	-----------------------

- Ran laboratory exercises for CSD undergraduate students.
- Designed original assignments and conducted student assessments.
- Explained course concepts and supported students with homework.

Strengths & Languages

Strengths	Hard-working · Fast learner · Eye for detail · Motivator
Languages	Greek (native) · English (fluent)
Driving Licence	Category B (car)
